

# CERTIFICATE OF COMPLIANCE

## PLASTIC WASTE TRACEABILITY & RECOVERY VERIFICATION

REF NO: CWIP-PLC-2026-4402

|                    |                                  |              |                |
|--------------------|----------------------------------|--------------|----------------|
| Supplier Company:  | [Supplier / Vendor Company Name] | Supplier ID: | [SUP-PLC-0488] |
| Facility Location: | [Polymer Park, Suite 10, Zone C] | Audit Date:  | 21/09/2026     |

### 1. POLYMER CLASSIFICATION & BATCH DETAILS

| RESIN TYPE    | GRADE / FORM            | PURITY RATING | BATCH WEIGHT     | RECYCLED CONTENT YIELD |
|---------------|-------------------------|---------------|------------------|------------------------|
| HDPE (Type 2) | Post-Industrial Regrind | 98.5% Pure    | 12.0 Metric Tons | 95% Secondary Flake    |
| PET (Type 1)  | Post-Consumer Bales     | 92.0% Clear   | 22.4 Metric Tons | 88% rPET Pellet        |

### 2. EXTENDED PRODUCER RESPONSIBILITY (EPR) & STANDARDS

| EPR REGISTRATION NO. | PRIMARY PROCESSING METHOD                   | STANDARD MET               | CARBON OFFSET IMPACT                 |
|----------------------|---------------------------------------------|----------------------------|--------------------------------------|
| EPR-PLC-2026-771     | Mechanical Shredding, Washing & Pelletizing | ISO 14001 / EPR Guidelines | ~28.4 Tons CO <sub>2</sub> e Reduced |

#### Official Compliance Declaration:

This document certifies that the plastic polymer inventory described herein has been processed, tested, and audited for secondary raw material manufacturing. The supplier confirms zero direct ocean/landfill dumping in accordance with regional plastic waste management regulations.
